INTRO .

I am a creative person who can be described as a dreamer. Driven and inspired by amazing designers, art directors, artists and individuals who help me bring these stories to life.

Working, hustling, creating. On every step, travel, day.

I am very detailed and at times demanding to get the result I need at my work, but always empathic and friendly.

I have been a creative the majority of my life but professionally since 2015 and my studies have taken me to London, England and Tartu, Estonia.

"It's not always easy to find videographers who get our quirky sense of humour but with Getter it all came very naturally"

Fashion video has always been one of my favorite subjects to shoot. I enjoy the medium to express myself creatively and make my stories come to life. I think my video style is influenced a lot from my photography background. I have participated in one of the biggest Fashion Film Festivals in the Baltics since 2018.
